

Preparing in Primary
for High School

Want to be ready to make the leap from Primary to High School?

If you answered YES, we've got just what you need!

The **Preparing in Primary for High School Online Guide** is for students just like you who want to make sure they are as ready and prepared as possible to start High School.

By working through the Student section of the Guide you'll find out lots of information, tips, techniques and strategies that will help make the transition from Year 6 to Year 7 a smooth and successful one.

Give yourself the best start possible at High School by preparing now with information and knowledge that will help you feel more comfortable, more confident and more productive at High School.
