

Great News!

Our school has subscribed to the Preparing in Primary for High School Online Guide

The Online Guide is a comprehensive and interactive online resource for the school community - students, parents and teachers - to help make the transition from Year 6 to Year 7 a smooth and successful one.

Transitioning from Primary School to High School is an exciting adventure but it is also full of challenges. This resource guides schools and families in this transition process, to better prepare students for the next chapter in their learning journey.

This is a great online resource for parents and students to address all their transition to High School issues and concerns and support students at this often overwhelming time so they are more comfortable, more confident and more productive at High School, much sooner. The Guide has a huge amount of information and resources for both students and parents including comprehensive interactive activities, worksheets, templates, videos and online quizzes.

The Guide is divided into three sections - Students, Parents and Teachers. Your login gives you access to all sections and includes the following:
